**ANEVAR (The National Association of Authorized Romanian Valuers) and WAVO (World Association of Valuation Organisations) are pleased to announce The 9<sup>th</sup> WAVO Congress that will take place in Bucharest, Romania, on 6<sup>th</sup> of September 2018, at Intercontinental Hotel.**

This year's congress is about **Ethics in Valuation Profession**, one of the most interesting and important topics not only in valuation profession, but also in all professions around the world.

We are expecting delegates from major international corporate finance, valuation consulting and other companies. Also, we are expecting delegates from regulators and other governmental bodies.

“The important issue of ethics and conduct in carrying out valuation may sometimes be harder to review in cross-border valuations among globalised cities because of cultural and regional differences but nevertheless is critical as there is always the need to maintain and raise the quality of valuation by improving the transparency and consistency of the valuation outcomes,” says Dr Lim Lan Yuan, Executive President WAVO.

„September represents for National Association of Authorized Romanian Valuers - ANEVAR and for the valuation profession the reference point for this year's events: we will bring together in the capital city of Romania – Bucharest important representatives of valuer's organizations from all over the world, involved in business valuation, business valuation education and standardization. Thus, we can say that during this period, Romania, through ANEVAR, will become a Business Valuation hub” says Dana Ababei, President of ANEVAR. „On September 6, at The 9th WAVO Congress (<http://site2.anevar.ro/pagini/9th-wavo-congress-ethics-valuation-profession-september-6-2018>), we will talk about Ethics. We will highlight the very important aspects of our profession's ethics, such as: Valuer Ethics in Brokerage and Auditing Roles, The Importance of

Ethics for Valuation Professionals or Appraisal Institute and IVSC Competence Requirements for Valuers” said further Dana Ababei.
